Application for Approval of Plan of Subdivision

under Subsections 51(17) and 51(18) of the *Planning Act*

This application form is to be used to request approval for a plan of subdivision. In this form, the term "subject land" means the land that is subject of the application for approval.

Each application must be accompanied by the application fee in the form of either cash or a cheque payable to the Town of Greater Napanee. A draft plan of the proposed subdivision, drawn to scale, must also be submitted.

If the applicant is not the owner of the subject land, a written statement by the owner which authorizes the applicant to act on behalf of the owner as it relates to the subject application must accompany the application (see section 11.0).

Note that additional information may be required by the Town or by local and provincial agencies in order to evaluate the proposed plan of subdivision. The required information may include studies or reports dealing with such matters as impacts on the environment, transportation network, water supply, sewage disposal, and storm water management. In addition, the applicant may be required to submit a more detailed site plan in accordance with Section 41, of the Planning Act.

Much of the information requested in this form is prescribed in subsections 51(17) and 51(18) of the *Planning Act* and in the Schedule to *Ontario Regulation 544/06*. This information must be provided with the appropriate fee and draft plan. If the mandatory information is not

provided, the municipality will return the application or refuse to further consider the application.

The application form also requests other information that will assist the approval authority and others in their planning evaluation of the development proposal. To ensure the quickest and most complete review, this information should be submitted at the time of application. In the absence of this information, it may not be possible to do a complete review within the legislated time frame for making a decision. As a result, the application may be refused.

Upon receipt of an application, the required fee and other information (as required), public notice will be given in accordance with the Regulations under the Planning Act. At least 14 days after this public notice, a public meeting will be held concerning the application, as required by the Ontario Planning Act.

The applicant is encouraged to attend the public meeting to present the proposal. The applicant and other interested parties will be provided notice of the decision made by the Committee concerning the application. If no notice of appeal is received within twenty days, the decision of the Committee is final and binding.

To help you complete the application form, please consult the Development Services office at (613) 354-3351.
