

ACCESSIBILITY MATTERS!

CHANGE THE PERCEPTION

The Town of Greater Napanee strives to achieve progress and development for all. It is our hope that through our “Accessibility Matters” campaign this year we have raised awareness to the residents, businesses and organizations of the importance and benefits of accessibility. Did we change the way we think, judge, talk and act about disabilities? Have you taken note, identified and eliminated obstacles or barriers to accessibility?

INTERNATIONAL DAY OF PERSONS WITH DISABILITIES

December 3rd is International Day of Persons with Disabilities. It’s a day for not only promoting inclusion and accessibility in our communities and workplaces, but to celebrate and be inspired to further break down accessibility barriers.

START A CONVERSATION

Start a conversation and raise awareness about disability and how you can make your workplace, school or organization a more inclusive place for everyone! Empower persons with disability to participate.

BUMPER STICKERS AND WINDOW CLINGS

Everyone is different. Disability is one of the many traits that make each person unique. Celebrate the differences in Greater Napanee and demonstrate what can be achieved when you create an inclusive community.

I don't have to look disabled to be disabled.

Think before you judge.

Stop by Napanee Emergency Service, Fire Station Headquarters, 66 Advance Ave to pick up a free bumper sticker or window cling for your home or business.
