

**TOWN OF GREATER NAPANEE
SUBDIVISIONS & CONDOMINIUMS APPLICATION GUIDE**

for applying for approval under Section 50
of the Planning Act, 1983
and under Section 50 of the Condominium Act

The application guide and form are both subdivisions and condominiums.
All questions should be filled out for subdivisions except for those reserved for
condominiums, (marked*). All questions are to be answered for condominiums.

**A. APPLYING FOR SUBDIVISION/
CONDOMINIUM APPROVAL**

1. The attached application form is to be used only when applying to the Town for condominiums and subdivision approval.
2. The Minister of Municipal Affairs has delegated subdivision approval authority to the Town. Accordingly the Town has all the authority of the Minister of Municipal Affairs under Section 50 of the Condominium Act.

A. USING THE APPLICATION FORM

1. The attached application form should be completed with four copies to the Director of Planning. In all cases please ensure that you keep a copy for your files. The applicant is advised, however, to approach the Planning Department for official plan, zoning and policy information before making a formal application.

It is also important to note that circulation of new applications will not be undertaken unless the draft plan of subdivision conforms to the official plan or is subject of an official plan amendment. In those cases where a corresponding official plan amendment has been received, the plan of subdivision and the official plan amendment will be circulated simultaneously.

2. The application should be completed by the property owner or his authorized agent. Where it is being made by an agent, the written authorization may be shown on the face of the draft plan.

It is the responsibility of the owner to research and evaluate the site and the proposal to ensure that the development will conform with the interests of the health, safety and welfare of the future residents, either owners or tenants. Sufficient studies for the completion of the application should be carried out prior to a submission for approval, and should be reflected in the application form. This information will assist in a quick and comprehensive assessment of the application. If further studies are required, the applicant will be notified. If the form or the draft plans seem incomplete or inaccurate the application will be returned for completion, correction or clarification prior to processing.

C. DRAFT PLANS

1. The Planning Act, R.S.O. 1990 requires that all applications must be accompanied by copies of the draft plan as required by the Town. The draft plan must be drawn to scale, with boundaries certified by an Ontario Land Surveyor. To carry out the review of condominium applications, a minimum of 40 copies of the draft plan will be required. Subdivision applications also require a minimum of 40 copies. If further copies are needed, the applicant will be notified.
2. The draft plans should indicate all items as required by section 50(2) of the Planning Act, 1983 (listed on the reverse of this guide)
3. Draft plans proposing condominium ownership require additional information (listed on the reverse side of this guide).

D. DEALING WITH THE APPLICATION

1. After accepting the completed application the Town will process the application in accordance with the procedures approved and adopted by the Town.
2. After an evaluation of the plan and of the recommendations from other bodies as noted above, conditions may be imposed in granting approval of the draft plan (draft approval).
3. The conditions of draft approval must be fulfilled prior to the approval of the final plan. The agencies affected by the conditions must indicate that they have been fulfilled.

In some cases, agencies may require that a copy of the completed subdivision agreement be forwarded to them prior to notifying the Town that the conditions have been fulfilled.
4. Sections 50(15) and 50(17) of the Planning Act, 1983 provide that an application for approval by the Town may be Referred to the Ontario Municipal Board for decision.
