Notice of Surface Treatment – Ruuth’s Lane

Dear Resident,

Greenwood Paving has been contracted by the Town of Greater Napanee to apply a single layer of surface treatment (tar and chip). The surface treatment application is scheduled to begin the week of June 19th, 2023, or shortly thereafter. Leading up to this date Town staff will be completing some preliminary work to prepare the road for this surface application.

Once the surface treatment has been completed, the road will first resemble a new gravel road with loose aggregate on top. Traffic speed should be reduced/controlled until the surface has had a chance to set. Please take particular care to avoid scuffing and hard braking on the surface. After months of traffic and compaction the road surface will be much smoother and will continue to get smoother as time goes on.

To facilitate the work, temporary lane closures will be required, and some traffic delays can be expected.

Should you have any questions or require further information please contact:

Jeff Cuthill
Director of Capital Works
