AND WHEREAS Section 326 of the *Municipal Act* provides that, where Council has authority to direct or require by by-law or otherwise that any matter or thing be done, Council may by the same or by another by-law direct that, in default of it being done by the person directed or required to do it, such matter or thing shall be done at the person's expense, and the municipality may recover the expense incurred in doing it by action, or the same may be recovered in like manner as municipal taxes;

AND WHEREAS Section 220.1(2) of the *Municipal Act* authorizes Council to pass by-laws imposing fees or charges for services or activities provided or done by the municipality;
