

Application for Review of Performance Level of Existing Sewage System Instructions:

1. Complete the application in full:

- This smart form will automatically populate most calculations
- Insert signatures electronically or manually
- Sewage System Designs can be cut and pasted onto the design page or attached as a separate document.

2. Supporting Documents Required:

- Lot Diagram & Sewage System Plan must be accurate and to scale. It must indicate north point and show the location of sewage system components (e.g. tanks, leaching bed, direction of mantle, etc), locate and show horizontal distance from system to adjacent existing or proposed buildings, water supplies (including neighbours) existing on-site systems, driveways, centreline of road, side and rear property lines, lakes, rivers, springs, water courses, swimming pools, lot dimensions and topographic features (e.g. swamps, steep slopes) near system
- Depending on the location, written approval from other governing agencies may be required (ie MTO and/or Conservation Authority)

3. Submitting the application:

- Complete applications can be submitted to permits@greaternapanee.com or, if in person, to our front desk between 9:00 am and 4:00 pm, where a receptionist will scan the application, on your behalf.

4. Process:

- Once a complete application has been received an inspector will contact you within 10 business days to advise you of a permit issuance and of fees owing.
- Once the permit has been picked up and fees have been paid, the initial site visit will take place to view the test holes, determine the height of the system above grade and ensure the placement of the sewage system meets the Ontario Building Code requirements. Inspection must be booked at least 3 days prior to requiring one.
- A final inspection will be done when the sewage system is installed but not covered.
- A final grading inspection will be done once the sewage system has been backfilled, the slopes stabilized, and the system has been seeded.
- Final paperwork will be emailed or mailed to the owner.

5. Payment:

- Payment, due at time of permit issuance, can be made by cash, debit or cheque.

LOT DIAGRAM AND SEWAGE SYSTEM PLAN: Drawing must be **accurate** and to **scale**. Indicate north point and show:

- 1 square = _____(m / ft)

A full-page sheet of white graph paper with a light gray grid. The grid consists of small squares, approximately 10 units wide by 10 units high. A thicker vertical line runs down the center of the page, dividing it into two equal halves. There are also horizontal lines that appear slightly darker than the others, possibly indicating margins or specific rows. The overall appearance is clean and professional, typical of standard graph paper used in mathematics or science classes.
